

## **David de Stacpoole, Director of Government Services G4S Risk Consulting Ltd**

G4S global provider of security/management, is in a top-3 market position. Operates - UK, LATAM, Africa, MENA and ASIAPAC. Integrated, wide ranging, land, air and sea.

David is responsible for the strategic FCO account, spanning c 40 contracts worldwide. Leaving the military, he joined **Defence Systems Limited (DSL)** in 1995, on completion of 18 months as Deputy Security Coordinator to UNOSOM in Mogadishu, Somalia. After this, he was MD, **DSL/USDS** in East Africa and then VP **USDS**, Washington. **DSL** subsequently became **ArmorGroup** and later was acquired by **G4S**.

SCEG is the ‘voice’ of PSCs, regulating, advising and linking members to private and public sectors.

David’s 20 years + in PSC’s and being one of the founding contributors to the ICOC and Montreux documents, would continue to help with the vital evolution of the SCEG. This evolution will be ever more challenging, especially as diverse sovereign solutions, are increasingly outsourced. Whilst SCEG enhances its original role, David will help it expand its remit/portfolio and front up to ever more complex governance & security issues, in this litigious and digital age, on behalf of its members and in full partnership with the public sector, engaging at the very highest levels.
