

Charlie Mayne - CEO VSC Security Solutions

As the CEO of VSC Security Solutions, Charlie Mayne has focused on providing conflict-sensitive security services that are carefully tailored to specific geopolitical environments. In addition to his primary role, he is a board member with the International Code of Conduct Association (ICoCA). In this position he has helped develop ICoCA's strategic plan, supported communications and outreach and advised on the grievance policy and prevention of sexual exploitation and abuse guidelines. He is a fierce advocate of responsible security and a true believer in an intelligence-led and conflict-sensitive approach.

He understands the process of developing security standards and the need for strategic engagement with governments, clients and industry members in a way that helps drive quality and opportunities across the sector. It is this focus, experience and energy that he will bring to the executive committee.

Charlie has an MSc in Behavioural Science, a PG Dip in Security and Risk Management, a mechanical B eng and is a graduate of the IESE Advanced Management Program. A former Royal Marine and an enthusiastic participant in any outdoor pursuit, he is a keen ski tourer, hiker and cyclist but at his happiest when walking his family in the great outdoors.
