

### **Thomas Long, Director of Operations, Prevail Partners**

Tom brings over 20 years of experience in defence, security, and risk management, underpinned by 13 years of service in the British Army. His military career shaped a practical understanding of operations in complex, high-threat environments, which he has since applied in both government and commercial sectors.

As Director of Operations at Prevail Partners, Tom oversees all aspects of business delivery. Prevail supports UK Government departments and operates in high-risk theatres such as Ukraine and the Middle East. Its portfolio includes frontline operational and intelligence support, as well as defence technology, construction, and manufacturing.

Before joining Prevail, Tom held roles at Goldman Sachs and BlackRock. This blend of financial and operational experience enables him to navigate both strategic risk and commercial delivery—skills highly relevant to SCEG’s diverse membership.

Tom’s focus on the EC will be championing issues that affect member companies, including procurement and regulatory reform. He will work to strengthen engagement between SCEG, the UK Government, and trade bodies, while promoting outreach through events and briefings to raise SCEG’s profile and value. He is committed to working collaboratively with fellow members to support the group’s objectives.
